

# **modular** desk division system \_\_\_\_\_.

commercial@**uksignshop**.co.uk / 01795 505850

Measure space

Select panels to fit

Add your L-Fix Brackets

Install in minutes

**modular**  
desk division  
system \_\_\_\_.

**Create safe working spaces around desks, receptions, counters and greeting points with our clever and simple to use modular desk division system.**

Using our multifunction, one size fits all, **L-Fix Bracket** in combination with a choice of clear and white division panels and accessories, you can quickly design a custom protective screening to suit your environment removing the need for expensive site surveys and installations.

To get started simply measure the areas you wish screen and select panel sizes to suit or alternatively get in touch and our team can advise on a panel combination that will work for you.

For trade resellers, feel free to get in touch for our white label brochure.

### **L-Fix Bracket**

Secured by VHB tape  
Or screw fixed

## **The L-Fix Bracket**

Premium 5mm white  
HIPS

Fitted with VHB tape &  
6mm securing hole

120mm high with a  
60mm low profile foot

Modular use to create  
screening for bespoke  
size areas.

# How you can use the L-Fix Bracket

## FLUSH FIX

Use two L-Fix Brackets on the same side of a division panel to allow it to be positioned flush against the edge of a desk or counter.

## RETURN FIX

Flip two L-Fix Brackets on to their sides and use to create a return dividing panel, giving the user protection from all angles.

## JOIN FIX

Join two panels together by placing an L-Fix Bracket either side of a panel join to create longer lengths or mix clear and white dividing panels.

## T FIX

Use two L-Fix Brackets on the same side of a division panel to allow it to be positioned flush against the edge of a desk or counter.

# Desk Division Panel Choices

## **CLEAR**

Premium 5mm Clear Acrylic

600mm / 750mm height
